THE BLACKED BOOK OF BAAL

Introduction

AFTER My Passing The Previous Gate From my own Pathworking with the sixth gate,the sixth gatekeeperBeelzebub the lord of the blacked pyramid residing in the depths of outer darkness,was the time to pass through the gate of baal,or bael called by some,Baal,Baal,Bael,say it with me Baal,the name,the sound that creates a literal gateway all round you and most importantly within you as you are the living god that brings all of this in existence, You are the Supreme Being,through my first ritual that I dived deep with this gatekeeper in this Pathworking ,I was blown away from the power and intensity and even by just the sparks of knowledge that he shares and plants within me,within you,and with us.

Baal,Otherwise known as Baal-Hadad who has taken many forms of ancient gods through the culture of human history,In the Lands of the Greece Baal was known as ZeusThe Sixth Child Of Kronos and Rhea According to greek mythology, The God of Rain and lightning,The Symbolism of the lightning is that of power,of sudden power of effectable

power that is heard by everybody,seen by all,and admired by all beings and spirit,this is baal,Baal the king,baal the lord,that even his name means "Lord" Baal is the seventh gatekeeper,the seventh Head of the serpentine beast of the abyss,The seventh Head and skin of the god of darkness,satolas,is the king,is the lord of lords.

Baal is a supreme king ruling over existences and many planes upon planes as he is on the infernal empire,bael and all of the gatekeepers claim that they had been following us all along,they have been here all along,even before us.

HYMN TO BAEL,THE DEMON KING AND GATEKEEPER.

This Hymn is dedicated to the Demon King Bael,here i use many of his names and incantations To Intensify the Evocation,Invocation or possession ritual,this can also work as a prayer to further open yourself up to him and to further call him up in your daily life,this hymn was actually inspired and yet written by me in my early days when working with the demonic Kings.

The Incantations were Given by him and you can add them in your works too, The incantacion *"Eeschma'Eeschama Bael"* Can be used in opening his sigils and intensifying his energies like a boost,the incantation adds Hellfire energy that Empowers and fuels Bael and only Bael.

I call unto the king the gatekeeper of outer darkness he who is known as bael
he who is the ruler of the infernal armies
the gatekeeper of outer darkness

The Black meditations of baal

Chapter One.

FEELING exhausted and being burned out. I entered the temple, my own bedroom that is like an airport of the infernal empire between them and us,the demonkind and humankind,I Entered and immediately turned the lights off and Knowing that the gods of darkness and the gatekeepers waited for me,i could feel it and knew it,I sat and entered a light state of mind but a strong state of spirit,I focused in

darkness and got beyond it,I knew that I had to chant the Words of the Darkness of the Prince Of Darkness,Satolas,in a rhythmic tongue i said over and over,in an endless loop :

Ram Ham Satolas,Ram Ham Satolas,Ram Ham Satolas!

But by my own Burnt out mind I could not receive his message verbally but there's a consciousness that i focused ,That i have,The Dark Mind Behind the Darkness That Knows Beyond Knowing,that talks with darkness and pure understanding,it holds no questions nor answers, but it is pure Being.I Sat in a meditative position,the Cross Legged in front of my altar Chanting the chant of the prince of darkness.

After a little while I had felt the call of bael i focused in the darkness around me there i was calling bael deeper,intensier more purely in darkness this can be done by simply sort of "Finding" The spirit or the gatekeeper Within that Darkness you could also chant the name of the spirit there feeling the darkness being transformed,in this case,the darkness of baal,there I had lost myself there in the abyss of baal but simultaneously focusing on my dark core navigating through the darkness of the abyss.

I sat in the darkness and chanted "*Ram Ham Bael,Ram Ham Baal,Ram Ham Baal*" Using these words "*Ram Ham*" can bring Interesting and powerful effects in ritual when calling the nine gatekeepers,in my own personal gnosis i had found that it calls them as the heads of the nine headed one,the nine headed dragonic serpentine beast,the Nine Headed Hydra of outer darkness.

Diving in the Darkness of Baal i recieved many visions of a Lake of fire,Deep, Deep pits of lava,magma and Hellfire that looked like small pools of damnation and i felt myself that i was just passing by,to visit the darkness of Baal,they all appeared that they were floating in this outer darkness but they seemed to be rooted in the grounds,it does sound indeed crazy to even explain that,A ground plain in a bottomless pit.

There I saw Two Pillars,that were similar to the greek pillars of the greek temple of Parthenonas or parthenon in english that is dedicated to the greek goddess Athena,the two pillars seemed to be floating through this abyss,the pillars were the colour of ashy grey stone that seemed to be moving and ever changing i was feeling the sensation that all this is very very old,it is indeed,they are primordial in darkness and in the rest of of existence,the pillars had a cube bottom and then there was the column build with slight change in the

ashy colours,the colours were more greyish,the right pillar was cracked but not broken but it was ruined,the left pillar was more cracked,broken and ruined,the left one missed parts i could the holes in the rock as some other points were of a polished texture,both of the tips of the pillars were flat but the left one was asymmetrical it missed a stone,it looked broken i could see a big part of it falling down but frozen in time in a yet timeless round.

They both seemed ghastly and wholly otherworldly.

But what was after those pillars? Were the could lead up to?the nothingness of outer Darkness around me was the same,Blackness. But I could see a road of upside down paths of paths going left and right but there was a road blacker that made a difference on the road,the path that goes straight was the most different it was the most blacked yet ghastly in nature.

Then I brought myself back,i needed to,had felt the need for that,I breathed myself back in here,in this earthy changed and with a knowing in my mind there was a message for me,by Baal.

“Continue Being A powerful Emperor in Darkness,that of the abyss
Rise more powerful,and more stronger”

So I did Finished and with A final Last Breath in darkness and became something higher stronger in the path of darkness,i know that there's something waiting for me and i coming for it,The Blacked Crown.

Next day after Thinking about my ascend and where all this going

i felt the call of baal the king,so I entered my temple that is also my own bedroom for these kind of works of black magick,I entered and started calling bael outloud and even shouted his name i entered,breath in the energies that were surrounding me i knew baal was around,there was baal waiting for me in the energetic primordial darkness around me,i shouted his name “Baal” and he appeared,and i woke him ,and I saw him and he saw me too.i was naked and i put my mala of self deification on my next and wore it as a pendant,I sat on knees and baal immediately started to speak through me,his words escaped my possesed mouth making a sort of hissing whispering noise and voice.thus King Bael Spoke:

“The King Seeks to be himself,the king is himself,and I am the king”

After these words came out of my mouth I started chanting the words of darkness of the prince of evil but his name was replaced with the seventh gatekeeper,the seventh head of the hydra Bael,I opened my arms wide open and allowed the spirit of baal to me,I chanted:

Ram Ham Ba’el,Ram Ham Ba’el,Ram Ham Baal

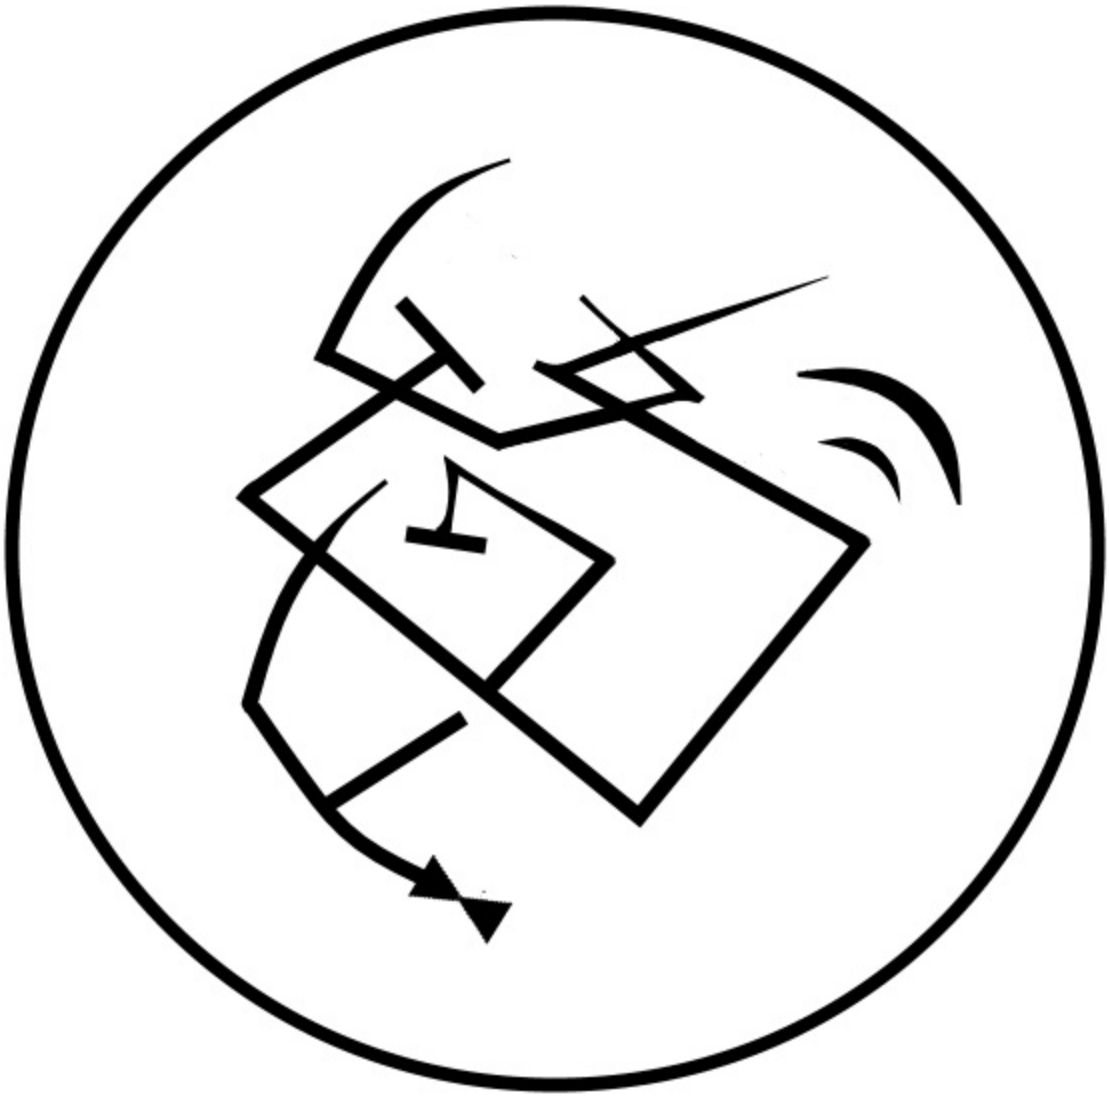
I said out loud the words that have been written in my own intuition,the words that I felt like I needed to say which were “Baal,Take me into your abyss!” The king of the abyss replied.

“For I Will bring You there,Be There.”

I started chanting the words of the prince of darkness,of the great old serpent,satolas

Ram Ham Satolas,Ram Ham Satolas,Ram Ham Satolas!

I opened my hands allowing myself falling into a new reality opening beneath me,Behind me,in front of me,around me and everywhere,the Abyss of baal was opened in me yet again around me,I stated : ”*Baal,take me into your Abyss!*” I started taking a moment of silence I felt like I needed that,breath in,breath the power in,I breath the energy into myself,a knowing beyond knowing i been instructed to draw a sigil.the sigil gateway for the primordial blacked world of baal or bael,i stood up and looked behind me there was the camera that I was recording myself in,seeing myself now,after the recording it is clear that I was possessed by the lord of the deep i said into the camera : “*He wants to show something,he wants to show me the gateway,i am getting paper*” with no losing time I cut a piece of paper with my hands giving it a little more atmosphere to the whole atmosphere around me. quickly i got my marcador and started drawing this,The Silent Gateway of Baal’s World.



I knew Beyond knowing what was the gateway as I allowed bael within me and around me to enter me,to enter my place,to enter my heartspace,I looked in the piece of paper and drew a circle as I felt it was needed for it,I could clearly see with my Dragon's eye.

The sigil flashing,and the astral lines floating over and drawing over them creating the above gateway.

Gazing upon the gateway of the abyss produced and intenised the effects both inner and outer worlds of abysmal darkness,I could feel myself losing the sense of time,the sense of being in a world,i felt that i was moving upon a river darkness and sailing in The Lord of Lords Spoke to me as he was looking deep inside of my heart.

These words are from the channeling video that i did with baal,i had recorded the ritual but even my equinmented couldn't catch the words of baal through me,it's not that I whispered during the channeling,but yet I was talking in low pitch deep and vibrating voice,the camera caught a repetitive sounds of clicking in the video. Either way these came when I became his mouthpiece after I had loosen myself in him.

"You Known Much More than was Possible for you to know,You Knew,You Knew,
Be A king,Be now,Be now,Be Now!
Be now,Be Now Takkalos!
Be now! Be now
Be Now You.
Do Not be Defeated Be the one that defeats,Be the one that compels and compels everything.
Now, Rise Takkalos,Rise Takkalos,Rise Takkalos"

These words escaped my mouth, they escaped effortlessly i Knowing solidity that Baal was here for sure.

Solidly I had Felt him, and I saw him rising and emerging from the Primordial darkness that was surrounding me,he emerged and i could see almost clearly his body,his armor and helmet as the warlord king of the abyss rose from darkness, He was wearing big and heavy armor with lots of decorative draws and shapes that looked like those found in ancient greece,the armor was glowing cyan blue light,seeming stellar into my eyes but a dark face was the head,the face of baal,baal wore his armor in his manifesting form,i said "*Baal,You are here baal,you are here,you are here,Baal, i can see you,I see you, I see you Rising from outer Darkness*" at this point I connected the energy,the planes of reality the whole existence in my left hand I stretch it and i was rising him from from outer darkness.

As he was rising i said " *I see you,I see your head,i see your helmet,i see your armor*" he was there,he was there solidly i saw him observing me,seeing me,with my three evil eyes i was watching him back,as he was doing it with his gorgon's sight.

Bael was speaking through me,each word that came from my possesed mouth was a word of the lord of lords himself,he said :

“There's a ritual that can never be ended,there's going by the wind,the source of it can be slowed Yes,but it can never end,you are the wind that never ends,you are the wind of darkness”

“Be the one that compells”

Next day,I decided to call upon the demon king again,there I brought myself calm and i vibreted the name of Baal.

As I was connecting with his essence i put my hands in a triangular mudra pushing them forwards me thus creating a vortex of his baal and essence so that he will be evoked in this worlds further more,then i put that triangle mudra in front of my face,touching face with baal’s power,and vibrating his name again,i closed my eyes pulling the spirit of baal deep within and allowing him to possess me

Baal speaks again :

“Building An Evolved being…”

Hardly keep myself aligned with the working because of my own fatigue,I took some breaths of recentering and power,allowing to converge within me,thus I spoke:

“With my three evil Eyes,i see the evolved being and i am making myself an evolved being,
Ram Ham Takkalos,Ram Ham Takkalos,Ram Ham takklos,takkalos,takkalos”

I opened my hands wide,allowing the spirit of baal to be evoked in my place and into my being,I spoke these words:

“Baal Come,Baal,Baal,Baal,Baal Baal.
Come Baal,Baal,Baal come
Descend from the abyss Baal”

BECOMING THE DARK CHARIOT,A BEARER OF THE PLAGUE OF DARKNESS.

There in my day I could feel Bael Coming through me and seeking me,it's been a journey of seven days that I have been awakened from my sleep at the same hour of Three in the morning.everyday,Upon the light of a morning Bael Finally spoke and repeated this message:

Become the Chariot of Darkness,The Bearer of the blackened Plague of darkness

Among other titles And Alternatives like “The Dark Prophet”.The work to become the chariot of the Infernal empire and of the darkness as a whole is a another step into The Path of the black alchemy,In this exercise You become a vessel,A Living Link between the infernal empire and the physical world,thus you help expand the infernal empire and covenge it upon the world,One of the titles “The Bearer Of The Plaque”

Has the symbolic meaning of Carrying the darkness,The “Evil”,The “Corruption”,The “Plaque”.The Meaning lies behind the agenda of the gatekeepers and the infernal empire as a whole,The infernal empire calls us to free ourselves from the Divine,to be free from the paths,to be free from the circle,from Karma,the divine Laws,Freedom from the Slave masters is Corruption for them,Is Evil from them,It is The Black Plaque of the infernal empire,its what devours their light,the light of lies,the light of the lie,The Agenda of the infernal empire is that of freedom and true power,they call you to become autonomous,they call you to be a king among them?Will you Enter the gates?are you ready to sacrifice everything to become the Greatest version of you,a king and a living god of your own kingdom,

For that The Gates must be open,open them wide,open them wide,become the bearer of the Dark Plaque,The Abomination of Gods,

the sin and lust of gods,

I Am The Dark Chariot

I am the everlasting Darkness,

I am The Sinful Abomination that gods lusts,And I open the gates.

For this Exercise and meditation of opening yourself into the darkness,you must embrace Emptiness,the emptiness of the soul,empty yourself from yourself,The Man of darkness Must sit upon pure darkness around him,physically and spiritually open yourself into That Darkness,

Feel Darkness around you,Feel Darkness within you

Now as you focus and connect into that darkness speak the chant,the song of the Father of darkness,the Father of the dark void,The Father of the infernal empire,the father of the Acasual Realm the Dark Void,the Dark Father is Satolas the Primordial Void,

Vibrate / Chant :

"Ram Ham Satolas,Ram Ham Satolas,Ram Ham Satolas"

As now the lord of darkness manifests in darkness you may see flags,hear trumpets,roars of wild demonic beasts and warlords,or if you see the two or three red glowing evil eyes know that the emperor arrived,Satolas Came.

Now Empty yourself.

Empty yourself from yourself,

Become No one,to become the darkness,to become yourself.

Push all your likes and dislikes out,and all of your attachments of the outside world and of the inner out,to become nothing,the black void,when you feel empty and even possibly deprived,know that you deprived,thristed and hungered yourself from attachment,now continue Falling into that blackness inside of you,and dive as darkness,dive as a god in the inner infernal empire,become the herald of the infernal empire,become the human chariot of the infernal empire,become the sword of the demons and swords to the devils,the mouthpiece of the emperor.

Now as you deprived yourself and emptied yourself,Now You can become the chariot,as you fall into the blackness,do your last few focused breaths in the inner blackness and say

Alash tad alash tal ashtu

feeling the powers of darkness convenging around you and inside of you,chant it,chant the words of the covenant of darkness,see the great old serpent rising in you,rising as yourself,see yourself as a head in the thousand heads of the great beast of the abyss,the emperor,know you are a king,and you spread the empire of the emperor,your empire,your kingdom,of your legacy,of your corruption,the infernal empire.say the words of the prince.

Ram Ham Satolas,Ram Ham SatolasRam Ham Satolas.

In a low hissing voice as you chant feel the darkness convenging,becoming you,and now you are the Dark Chariot,the Infernal Messenger of rounds beyond rounds,from the

core of the infernal empire,from Satolas,into this round,the evolved realm,so that may the infernal empire will rise.

Alash tad alash tal ashtu
Ram Ham Satolas.

MEDITATION OF TRUE DARKNESS.

True Darkness,is not Defecating Darkness,it's not wicked Darkness,its not destructive Darkness,not Evil Darkness,True Darkness is Satolas,the father of darkness,The Primordial void,all these other Aspects of darkness are not fake or illusionary but are Rays of the true Darkness,the aspects the faces and masks of the thousand Headed Hydra of the Abyss,he is the silent Primordial void,when he is called silently without a voice,i will write Below how to do it,True Darkness is the primordial void,The Dark void,the Demon Kings and the beings with the title “Formed Abyss” like azazel and the other Gatekeepers,Upon the body of the supreme being,a body of transfigured Formlessness,the eyes of the supreme

being the evil eyes and the dragon's eye are ignited by Darkness and they become the Dark void the child of the Primordial void,the spiritual benefits from this meditation are countless but the true power is not focusing on a thing you want but fully experiencing the true Darkness .

In this Meditation you will Become The Open Gateway for true Darkness,To Become the Gateway of the infernal Empire,In this exercise should be repeated and performed at night,preferably in the hours of Twelve Post meridiem or even better in Three In the morning,which is the witching hour,the hour of magick and darkness.

You begin this in a similar way that you do in the exercise or even better called Initiation of the Dark Chariot,This meditation is also the next step of that Transfiguration Process that the Black Alchemy Begins and ignites,like adding oil,adding fuel into the black flame within you,The First step is breathing in complete Darkness,You do the black breath inside the darkness,there you must

Chant :

Ram Ham Satolas,Ram Ham Satolas,Ram Ham Satolas

As you dive in that darkness and abandoning yourself in the darkness,the lost of the self must be embraced in cold shimmering Darkness.

Let yourself Die there.

in the darkness,in the bottomless pit.

the abyss,as you continue to fall breath in your own power inside of you,finding your own Black core,you core of power,also called the heart and the black sun within that acts as a centre of the powers of darkness.then let yourself be reborn and focus on that if needed.

There Stand or kneel before true Darkness say the following Invocation.

"I call upon true Darkness,
Ram Ham Satolas

I Call Satolas,I call the Darkness of Satolas,
Ram Ham Satolas
The Father Of Darkness,
Ram Ham Satolas
The Primordial Darkness,come,come to me
Ram Ham Satolas,
The Creator of the void,of the Dark void
He who Imagines and creates all,the majestic Black river of true Darkness,that splits and recreates itself
Ram Ham Satolas"

As you say this see before you,just in front of you or even hold a star,A dark star,blacker than all of the darkness around you,feel or see nine Rays shining and emitting from it,during this process a moment of silence must be experiences,in this moment you mind will black out or just disconnect from everything,it will feel like a burned out,there feel again the black consciousness also called the Dark Minded Self Inside of you and understand the uknowladble.

Breath in and become darkness,hold the Dark core or see it again,There Whisper,Vibrate or say without any words but speak With A silent tongue

"Ram Ham Satolas."

and this time dive into that Dark hole penetration Outer Darkness,which opens a Portal into the True Darkness,The Primordial void that is Satolas,the Silent one.

BUILDING THE BODY OF FORMLESS DARKNESS.

The Black Body of formless darkness is the most powerful form of a subtle body,a black soul in its purest form,Formless.If you Take this alchemy of darkness seriously you must know that the embracing of no form must be taken for your transformation to be the supremest self.The Reason why we must embrace the no form state of being its because the true nature of spirit and soul is without a form,Upon the place of the lie all is on a form,like the energies of kether flowing,changing and adapting different forms and adaptations to be with a form,to be physical,that's why we are the supreme beings,we are the ascended ones,but unfortunately many forget this,they forget themselves.

The Nine Gatekeepers awaken us to our own supreme power and godhood,they reveal these secrets to those who are willing to lose everything,even themselves,embracing the state of emptiness also called the Non Being State,Embracement of the empty state is also embracing no form,as a form that you previously thought you had scattered into nothingness,thus destroying the illusion of self,Maya and form.

All form comes from the mind,the universe is the mind,and the mind is the all,you are the all,but if you are walking the path of the adversaries then this should be damned,in

the path of rebellion we break ourselves from that,cutting the connection of the oneness,and creating a new self,a king and a lord,this is the prince of darkness manifesting on earth,you,and me.

To start this exercise the hour should nine,or just at night,begin by breathing the darkness within.

Feeling it growing and expanding in no form,just as darkness ,here happens a mistake that a lot of magicians fall in it,They try,They try to feel it and shape it,to understand it,Here you must not do that but instead without a mind,without a form going and falling into the formless abyss embracing non being and the unformed.

As you do this enough times you will feel afterwards like back at your mind because you will be detached from it,or going into states so far from it yet you will feel like a cord sends you signals from the body you were,simply noticed them,but I will tell you what happens there,you lose mind,you dropped mind and you know it too,but what does it feel when you lose it and you see yourself from far?it feels like a very light head,like an empty mind with a hole in it,you lose mind,and becomes a bottomless pit,don't go there,you have a job to do,an exercise to do,a step into the path of dark ascend to do.

Continue going into formlessness.

Connect with it and become it you must state without words or verbal communication from your being,but being what you say,being is your communicating,your mind is a mind of darkness and you are a being of darkness,you are darkness,this what this meditation does,you become the abyss,the formless abyss,the abyss in form.be the words,

Proclaim:

"I am the abyss without a form
Ram Ham Satolas
I am Darkness,Without Form
Ram Ham Satolas
I am the abyss without a form
I am Darkness Within so Without
I am Chaos"

As you say this you become,you become darkness,complete chaos,in such states you understand chaos and what is truly formlessness and nothingness,what did you notice?Nothing,nothing and without a form is the true nature of all things,the void.

Here moments of silence must be experienced and even black outs.

As you stay there you must normalise it or better to describe it,to mature yourself in such otherworldly states,this is simply being there and pushing yourself to understand and be .

Shaping of The Body.

In this phase and part of the meditation is making and forming the formleslessness,This is the transfiguration of nothingness.once you matured in the nothingness and formlessness now you may evolve into a body,into the ascended being,into the evolved being,in a body this body,your body is evolved you,you are the supreme being,this is the ascended and evolved realm,this realm is the cared child of the divine and all beings,all beings want to be here.

and you are here,but what is a child without its father and mother?

Without the support of the higher rounds this round is completely lost and powerless.

Through this formless transfiguration process not only empowers you and connects you with the primordial core and rounds but also evolving it.

To Begin this meditation,you need to connect with the formlessness and and become it as you did before,but This time Feel yourself connecting back into your body with the mantra of "OIA" that transfigures the nothingness and Formlessness into a shape yet formless.

In that process you must allow and push yourself to see and feel that formlessness in shapen,to feel the misty nothingness Filling your body and sort of enclosing it all inside of you taking the shape of you,Give the Mantra of "*OIA*" feeling the formless nothingness being transfigured.

THE FORMLESS POSSESSION OF THE BLACK RIVER.

Upon the Darkness of the night I sat in my temple and there I was breathing the breath of darkness,entering new states of being and becoming something new ,There i could feel something flowing through me,I had felt it before and i have been a black river before as Lucifer-Amaymon taught me in my pathworking with him,I have been taught on how to be my own black river flowing through existence.

But this is different,this is becoming possessed by the black Majestic River,

By Satolas himself.

For this exercise you must go deep in trance and meditation in empty Darkness,The setting of the time must be night,the hours that all things Wicked and dark arise,When you fall deeper in these states is also falling deeper into the darkness.

Fall into the The Dark Void,this is the infernal empire but in order to Become the Black river,To be possessed by the black majestic river You must be taken deeper.

Deeper into the Heart of the infernal empire,Into the heart of Darkness.

There to start this exercise and meditations you must stand or kneel before the darkness of the night,it can be whatever hour of the night but the three hours that are considered sacred are : 9 Pm,00.00 Am and 3.00 Am.

There stand in the darkness and connect with it,you must chant the words of the father of darkness,that are

Ram Ham Satolas,Ram Ham Satolas,Ram Ham Satolas.

These can be chanted whisperly or even vibrated but notice that everytime that you do it the chant becomes more internal Notice your voice quieting your voice Fading when chanting Until you chant from the mind,as thoughts,it becomes repetitive and automatic,and feel your heart too saying "*Ram Ham Satolas*"

As you enter deeper into the darkness and in the state of Trance the words do not become verbal but they become Silent,these words are no longer sounds but they are the Void emanating it self as these words.

Connect into the darkness and Drown yourself in these dark and black waters,feel yourself drowning and diving deep there,you will feel so powerful and potent there in the silent power of darkness.

Continue Falling and drowning,Call again from the abyssal silence and depths of yourself,Call satolas The Primordial River,say the words

"Satolas,The Blacken Primordial River
Ram Ham Satolas
The Majestic primordial Abyss,Come to me Father
Ram Ham Satolas
Take me into your depths so our soul may be one
Ram Ham Satolas
So a new soul may emerge from the depths
So A new being,May emerge from the depths
Ram Ham Satolas
So A new Head will rise from the thousand Headed Hydra
Ram Ham Ham Satolas

So a new stream of power,knowledge,and darkness may come from your pure beyond non-existence,as a flame rises from the farthest edge of the winds of outer Darkness,So a new stream of the black Back Flowing river may come of existence,Let this be me,let this be you

Ram Ham Satolas
Take me whole,Satolas

Ram Ham Satolas."

There in deep in darkness,Drowned by Darkness you will feel like you are being swung at,you will feel flowing.

Flowing to nowhere,yet flowing into all directions.

I felt my body,no longer an anthropomorphic body,but I felt like the Black river in a body,there I stood with my hands that were without a form in this nothingness and chanted the mantra that transfigures the nothingness and formlessness into form yet without a form,the mantra of "*OIA*"

I Kneeled and i focused on the body of darkness below my physical flesh,sort of being another layer of my body,with a reawakening Focus it came back and awakened.

I stretched up my arms and there I got with the flow of the blacked river in this moment i felt one of the most powerful and intense emotions in my magical practice,Being inside this black river made me feel like I was crushed my tons of material and darkness,the darkness that i felt was primordial true darkness,I felt heavy yet light at being crushed by the huge pressure of the primordial river but the pressure was not abrupt but smooth at the same time.

The River of power was ever flowing towards something,and that something is everything and everywhere,and everyone that is a child of darkness,this river is the father of darkness,this is not the dark void,but something more ancient,more powerful by its beyond limitless possibilities that are like molecules of power of even beyond omnipotent power,it does what it wilts,and it is your will too,for you are the isolated stream of this primordial power,for you are the dark chariot,the prophet of darkness,The Progeny of Evil,You are the Child of darkness walking upon this earth.

This River of Darkness is The Primordial Void,This is Satolas,but satolas is not the primordial name,Satolas is the sacred Name of this Supreme Being,The Words of the sacred Chant.

"Ram Ham Satolas"

The Words Are the Sounds that Unlock this sacred. and secret Gateway of the Primordial Void,This Name The Supreme Being has ten thousand names,these ten thousand names are the names of the many kings of the infernal empire,these many heads of the hydra that are the faces of hell.

The words when spoken with silence,by the silent tongue.
Unlock the void in a more pure level,I understood at that moment

The Black cube

Chapter Two.

UPON THE NIGHT of Halloween,I have found myself loosen in the energies and confusion of this pathworking,i do not fear to admit that there's moments that I do not even want to continue out of my exhaustion but this is not me,its a personal Limit in the path that I overcome,There I gazed in complete Darkness and observed the devil on my devils idol,seeing the hellfire of the acasual realms and the infernal empire burning through existences,knowing this is an emanation of satolas,the father of darkness,Knowing Satolas is the primordial void,if the dark void is the eye then satolas is the mind,the neurons,the hidden atoms and quarks of the acasual realm,as the father dwells in the deepest pits beyond bottomlessness,each dark god,spirit,demon,Aspect of Darkness and spiritual structures like the black pyramid are creations and emanations of this dark primordial void.

Knowing this I looked Upon while gazing on my black idol of Satolas that I made for him,concreted with his essence and power,I turned my sight and my eyes upon it whilst I chanted the words of the prince of darkness "*Ram Ham Satolas*"

After then I had i giant physical manifestation of the black cube right before me

The Black Cube manifested before,a huge cube blacker than the blackness of the night around me there I gazed in its terrifying power of manifestation and of the spiritual structure before me,it did not stay for just a few seconds but it stayed for some long time upon my gaze ,I was able to see its shape clearly manifesting in darkness,with shiny points on its angles it seemed to be shaded sort of looking like an otherworldly black metallic material That looked that the same metal used in the black pyramid.

As my serpent's sight gazed into it i opened my dragon's eye so i may see it better,seeing is also observing,knowing and informing the mind with activity mostly from the outer world.

From that observation I have been able to see and feel the true power behind the spiritual structure of the black cube,i see that the black cube is one of the oldest creations of the infernal empire,and one of the oldest structures of the primordial one that is satolas.

Looking in the cube of darkness i been able to see the connections that has with baal,i felt like baal had to do something with it,like baal lives within the black cube,projecting myself and my mind inside the darkness of it,I felt eternal darkness,a limitless structure with the insides of limitless darkness,no matter how big or small the black cube can manifest it holds the same insides,The Limitless Ancient and Primordial Darkness ,the vision of the interior of the place of darkness,was limitless i could see far and beyond with my serpent's sight but I knew no matter how i hard I try,its eternal and trying with effort is not limitless and not eternal,but eternal and infinite things come from effortless action and focus.

With a breath of refocusing ,I expanded myself and became limitless Darkness there,i seen the singularity and became it,as the supreme thinker,the supreme being,

My vision was blank and black and the whole thing was a thought upon the supreme mind,my mind and it can be yours too.

Two Evil Red eyes were observing me,it was satolas,the prince of darkness,

He said without Words but A knowing Beyond Knowing, that i needed to call upon on baal,knowing that I breathed and chanted

"Ram Ham Baal,Ram Ham Bael,Ram Ham Ba'al"

over and over and started vibrating and whispering his name focusing on the nothingness and power behind the words,and behind the names and titles that my mind had received for him :

The Harbinger Of Death and blood
The Herald of Bloodshed
Baal The Ruler
The Lordless Lord.

Then I inhaled and shouted inside of me and externally feeling Bael entering me,merging with me,"*Ram Ham Bael*" I said feeling power and more power running through me and the darkness around me and inside of me,even writing this brought intense vibrations and energies in me.

MEDITATION OF THE BLACK CUBE.

This Meditation Utilises the Self towards the manifestation of Darkness,The black alchemy within us all,and opens the acasual realm and the infernal empire into the world,another Interesting and powerful hing that this meditation can do is helping to achieve the Opening of the Eye of the storm,the eye of the Lord of Darkness,Through the Visualisation of the black cube and gazing deeper into it we open the gates to transfiguration in the Maturity and journey of the new soul of blackness within us all.

To Begin this is the first Gaze into empty Darkness around you at night time or in spiritual darkness in the other hours of the day,As you gaze in the darkness see deep and far within the blackness.

Instructions:

> A black cube,a dark cube,blacker,Darker than the darkness around,so Dark that it even has bright shading of this black light,

> It can reflect,like a mirror and like a shining gem and metal,Looking with the eye of the Lord of Darkness,With the eye of the dragon,of the serpent,Whisper or vibrate the syllable "*Sah*"
>
> See or feel the Black light being shined into your black eye,into where the ajna chakra is supposed to be,but now it's no longer the energy center but the eye of the lord of darkness and the father of evil Himself,Satolas.
>
> As you breath the serpents breath,realise you are the dark void and you,
>
> Look upon it,it's all made of you,of your essence.
>
> and you can use the power for yourself.
>
> DoWhat You Wilt.
>
> As now you gaze deep in it,it's time for you to see,to see within the black cube,in the eyes of your gaze,in your breath,transmit yourself there,in the darkness,in the cube of the ancient Lordless Lord.
>
> See within the black cube,the place of immortality,eternal darkness,formlesless yet in the shape of an eternal infinite yet sometimes limited in size Black Cube,There you may know immortality,it is life beyond life and beyond death,outside of the circle of life and death,there lies immortality and eternal things.

Say these words that come out of the mouth Baal,these words open the gates to himself and they will open them in you,whisper :

Tes'Tun'Soon'Vloon'Ken,
Laa,
Tes'TunVloon'loon'Ken,
Laan.

Even Writing these words,the incantation,these whole text,essay and grimoire,sends me chills,writing such things is sacred to me,I treat it like a ritual,as I write that I am doing them by myself deep within the abyssal depths of my soul.

The words Come from Baal.

These words seem very similar to each other,the two Sentences are different from the last two with the difference being the middle part of the incantations.on the first

sentences it seems like it is opening the gate,that is activating and igniting The Black Cube Within You.

The other remaining sentences are the words that are stabilizing and grounding this ongoing Black Alchemy within you and within us all,the black alchemy of the black cube of Baal.

The words should be Recited and chanted as one not separate.

A moment of silence must be experienced inside the black cube,in the darkness of the ancient cube,there you must transcend your mind,and all of your limitations and forms this is achieved with Dropping the mind.

The Way to drop the mind in this place is by simply becoming the singularity of Darkness In the black cube,thus you are becoming the Dark King inside the Darkness Which this ignites a new Path,The path of kissing the red Crown and getting the Black Crown.

You drop your mind by simply connecting with this primal Black energy,pulling it together,creating a mind of darkness,

There sit in the infinity and simply forget your mind,forget your form that you once were and with the help of the following chant you may become the immortal king that opens the gate to transfiguration

"Omee'Tillu Sanh'Kunh
Sen Ven Darl Voon'Sah"

There's no words for this,But Just be,Just be the black cube,be the singularity in the black cube,it is indeed a sacred moment for you to become and experience.

Building The Infernal Empire.

Chapter Three

BAEL SUMMONS ME and communicates with insights about this Work,i got the specificial insight that this work is going to be Huge,indeed very big and intense,as it will open new paths and his gateway.

Now sitting and meditating on this ritual I had Channeled what it needs to be done,This work is a nine day working,a deep working with the lord of lords,so may the infernal empire be solidified into this realm,the earth,Which here there's no realm at all,see that everybody has their own perception of this world,many have powerful,weak or tangible versions of this reality,But who is the one,or who are the ones that have awaken and asked the question "But what is the truth",if you are like me and asked this,you will find yourself either confused and wondering or if you are a black master,a fearless child of darkness you will fall into an awning pit,you will find yourself asking the question again and again,you

don't need to,this is a path of freedom,and the world is an empty place,but when it will become true?Once the infernal empire made its outpost Right Here,Right Now,that means that this place will become true,and this world will become the infernal empire,Physically.

The chapters in this book are named by a reason ,for each chapter is a path and power.

Now in this chapter We will build the infernal Empire Into earth!

the things that Baal revealed into me,are many big rituals and meditations for that but if you truly want to me a true master of magick and a true sorcerer you must realise,you will not just take some time from your day or when you are bored,or if you feel shit and do a ritual to feel ok again.

See the true power behind this magic is true change,core level in your ,and in your life for its an emanation of you.

The true master knows that this work is literally changing the world and worlds and this is not a fun activity but a hard one.

In this chapter we will have the detoxification of belief and hope,

The Attainment of an idol for the rituals

And many meditations for the work that will build the infernal empire.

Baal Completes the circle of building the infernal empire

And wants you to work hard and build it,

Will you answer his invitation and do what it takes for it ?

I do.

and if you are a child of darkness,I think so too.

The words of Bael,The king himself are :

“Call me Using Blood,Water and fire”

Dark Forsaking

The first step into this process of nine days,is Detoxification of belief and hope.

Abaddon opens the bottomless pit for all to fall,Like I said before that nothing is true,because truth itself is *not* Real.

This detoxification will cleanse of all beliefs and programs from you,because all of that is brainwashing despite if its good or bad,true godhood is doing what you will,with true power despite what society and everyone thinks.

THE IDOL OF BAAL.

This Ritual is about taking a simple rectangular stone,or a cubic one and making that of baal himself,from what I learned as he showed me the breadcrumbs of the working,the idol is important in its purpose,for it will become the physical vessel for this demonic gatekeeper himself,here in this physical round.

I left the house at night to take a walk but not just any walk,To find the vessel of baal,i had called the voice of magick and the voice of baal to help me find this his idol so he did,there i found a stone that just felt right on the ground and that screamed the name “Baal” in it,there I took it and carried it home with my barefist,walking like a madman in my town with it,finally reaching my house i cleaned it and took it at my altar,there i chanted many of the idols of baal and of his aspects,in the form of the incantation below :

Baal
Lord of Lords
Lordless lord
King of the black crown
The guiding beast to the supreme being
The king
The king of kings

Gazing in,gazing into its void inside of the stone and replacing it with the void essence of baal within it.

From the template was created for the next ritual after this prayer to him.

It is needed for this idol to be prayed upon daily - everyday and night with the same hymn said above,or with incantation,enn meditation

After doing this you will need anchor the spirit within the idol,through the evocation and invocation reach your hand into the air and feel the essence of baal being focused a ball of light and darkness mixed together chant:

Ram Ham Satolas

Using the essence of the lord of darkness you can turn the world upside down and literally burn the soul of the idol into becoming an extension of baal,so be it!

OPENING THE GATE OF THE INFERNAL EMPIRE

In my work with abaddon,that was on the march of 2019,he communicated and given me an exercise,I originally posted this in the BALG Forum a while ago the exercise that i was taught:

Vibrate :

Belial,Lucifer-Amaymon,Azazel,abaddon,Lucifuge
Rofocale,Beelzebub,Baal,Asmodeus,Satan.

The names of the gatekeepers need to be vibrated from nine times to three.

Chant :

Aya'mon aayaaakaa oren sim'pal de lar'tasa

Breath in the power of the nine demonic gatekeepers,feel this darkness coursing through all of your being,but not only from your body but it also courses through this very physical world,and with a deep breath see the world around you and in front of you ,changing into the dark void,see darkness instead of the world and speak the incantation of opening the gates.

Aya'mon aayaaakaa oren sim'pal de lar'tasa

After that see the very darkness shifting and taking form of the infernal empire,this is personal for the infernal empire takes many forms and it is known for many magicians that the infernal empire has form,truly no

The infernal empire has no form.
It is the dark force.
This is the dark void.
And you are a god here,a god there
In the infernal empire.

Declare :

I Open this eyes,Open this mind,
Open this body,Open the air,Open the lakes and waters
Open the round of malkuth so that the infernal empire spread,Open the soul,
Open the spirit,Open the fire,Open the water,Open the skies,Open the soil,
Open nature,
Open the abyss,Open the darkness,Open the lake of fire,Open the qlippoth,
Open the infernal flames,Open thee all existence,Open the cracks of Stones,
Open the clouds,Open the mountains,Open the chakras
So that the infernal empire shall spread its shores,
Open the Gates to the infernal empire,
The infernal empire shall Come ,

Continue speaking these words *Fast,*as you speak these words as fast as you can,opens the gates by command,this hardwires the world around you with the words that you speak.

I Declare The Gates of The Infernal Empire To open.

Chant

Aya'mon aayaa'aka'a or'en sim'pal de lar'tasa

Now at each breath,each breath must be felt as a new breath into a new world,as you came back from the spaceship into a new planet,as you came from the gate into a new world.

The Infernal Empire.

It is here,and we are there.

OPENING THE GATE OF THE GATEKEEPERS.

Baal Guided me into this meditation in the night,there with malas,I took my shirt off and started meditating into the idol of Baal,Baal with the lord of darkness awaited me in the endless darkness around me,I tried to communicate with and channel them with words and with verbal means after trying I gave up on this as the insight flashed in front of me.

Communicate with Silence,Communicate With Darkness.

After a refreshing breath my mind translated the words of silence,diving deep into darkness,with my vision I structure each sphere with the essence of each gatekeeper pulled from the endless abyss.

With my Arms opened welcoming,greeting and housing the essence of each one of them inside of me,

I had felt a black hole opening inside of me,this great black hole was thirst for power yet it was the gate opening,the gate of the lord of darkness.

With my mind being reminded of the true essence of the *Serpent's Breath* Invocation,creating a god from the lord of darkness and gatekeepers.

Satolas has Ten thousand names and forms, I had discovered some of them,later in this book will work with another undiscovered name and face of the lord of darkness,this *Sakre'Varvar* .

Since these nine gatekeepers are just nine of the ten thousand forms why are considered the most known?

These nine gatekeepers are here for a reason : For our own godhood and self-deification.

These nine gatekeepers are the first emanations and forms of the father of darkness,these nine gatekeepers are the first primordial ones,and it is important to work with them because they are the eldest,and you being the child of darkness, the seed of the lord of darkness it is needed for you to be "raised" or guided by these old nine demonic gatekeepers.

With the Nine spheres floating above i said the names of each of the nine dark ones feel the essence,instead of saying the name fully,i had spoke a mantra, a sacred sound that contains the essence.

BELIAL.

With the sphere of belial above me injecting his essence into me I spoke the word of belial.

BELIH.

Allowing the essence of the wicked scorpion god slip through,his essence to fall into my bottomless pit within me,I spoke the words of the invocation of belial.

Spirit of Wickedness,Spirit of resistance
Spirit that resists the all,spirit that resists eternality,
that resists the divine
Belial the wicked one
Belial the scorpion god
Open your gates within me now.
For I am takkalos

Feel the singularity and wholeness of Belial.

The first angle of the enneagram of darkness shines,the first gate opened,now the second gate unlocks.

AMAYMON.

In silent darkness.the gates of transfiguration are opened,breath in and let the black light of the sun of darkness to shine on your temple.

"The Light of Primordial darkness,lights Darkness around me"

I said.

After feeling the shines of darkness darken my room.

I Vibrated :

AMIH'LUX.

Letting the spirit of the black sun to pass through me i had spoke :

Spirit of the black sun,The lord of the black sun
Infernal emperor,Emperor of darkness in darkness
The second face
He who is the gate
The gate of sah
Enter me,For I am the black sun
For I am Takkalos

Allowing the lord of Saturnia in my deep silent blackness of soul,i looked into the gate of azazel,into the sphere of the scapegoat and of the demon king.

AZAZEL.

The Scapegoat lord,azazel the infernal warlord manifested as a the black serpentine king with his legions of nethers and kingdom of demons around me,flowing into darkness and with his orb floating above and instantaneously descending in my chest creating a sudden change with the lord of darkness within. I vibrated his essence.

AZAH,AZIH.

With the lord of the nethers ,beyond out of me, and beyond inside of me,cold in the abyssal silence of my being, I spoke :

Azazel Lord of the nethers
Master of the black flame,Scapegoat
Infernal Builder
Builder of the infernal empire,the great serpent Azazel
King of kingdoms
Azazel The demonic King,Come inside of me
Azazel...Azazel.

ABADDON.

With the King of Locust Waiting after the eternal fall of the essence of azazel into the great primordial abyss inside of me,he was his turn to awaken in flesh and substance,unto me.

Here it was when I had completely lose the sense of time and control.

With the key that abaddon gave me,the key into the bottomless key hanging from my body of darkness,I opened the bottomless pit,and i had fallen inside,

I fallen eternally

As I Fell,The Locusts flew by as i fell into the bottomless pit

Now I open the gate eternally inside of me.

ABAH.

As the spirit of abaddon injected itself I spoke fast :

Spirit of Abaddon,
Spirit of Destruction,
Infernal king,
Gatekeeper,
Lord of the Gates,
Lord Evil,The lord of evil,
the Binder of Evil,The king of the bottomless pit
The Lord of the abyss,
The one that holds the key to the bottomless pit
Lord of the Locusts and Evil
Abaddon,Come into me,Within me!
Forever!

With the First four gatekeepers with their gates opened,i could feel hot,i was in the lake of fire yet i was in the silent darkness of Lucifuge Rofocale.

LUCIFUGE ROFOCALE.

There in liquid darkness of lucifuge it felt like I was falling,in the gate of abaddon i was falling and I reached—The Infernal Empire.

I was in the ocean of it,or maybe in the sky and I was falling.

With the Mysterious Spirit of lucifuge rofocale i took a breath and loosen myself,a breath to become the lord of darkness

There i had understood Lucifuge Rofocale,the darkness and his Mystery.

With him already within me and beyond.

The Word of Lucifuge Rofocale is :

LUH

I had spoken to him,

To me.

Spirit of Darkness,Spirit of Lucifuge
Black Star,
Star of the abyss
The Builder of the infernal empire
The builder of the supreme being
And the one that guides and guides,
me to become the supreme being
Lucifuge,Scribe,Writer of power
The Scribe,
Spirit of Knowledge,Wisdom and power
Come Unto me.

Allowing his spirit to fill me with his essence and being i moved into the other,the other gatekeeper the sixth,the second builder of the infernal empire,Beelzebub.

BEELZEBUB.

The Lord of the Flies changed dimensions or maybe I got deeper in the infernal empire,i was converged by darkness and his dark rotting flies,immersing myself with beelzebub into this darkness i let myself rot there

After I had bee rotten there,
After rotting
I had been purified
Then I broke illusion and I transcended that.
I vibrated the word of the lord of the flies, beelzebub.

BELZH.

My voice spoke from darkness :

Spirit of Beelzebub
Beelzebub,Lord of the flies,Lord of the black pyramid
King of rot,he who is the black swarm of the lord of darkness
That devours and creates,
That Rots and Cleanses,That Destroy and Create
Lord of the black Swarm,of the black Rotting flies
Master of disease and cure
Beelzebub master and lord of Darkness.

BAAL.

With his spirit already within me,I spoke the words of His essence :

BALH.

Spirit of The King of kings manifested, in me in the silent darkness of my soul i had spoke

Baal The King,Baal the Lord,
Lord of lords,The King of king That is Baal,manifest within me
Lord of Hellfire
Baal The Dark Void that commands existence
Baal the King of the the Black Crown
Baal The Lord of the universe
Maal The Lord,The King
The Lord of the infernal sphere of the tree of darkness Qlippoth,
the lord of A'arab Zaraq,
Baal The King of the black crown.

THE TWIN SERPENT : THE ADVERSARIES.

After finishing with Baal,With The lord of darkness already possessing me,i entered a new state of being — The State of the adversary,my being changed into the two headed serpent,thus the two heads are in one neck instead of having one neck for each head connected to the body of the primordial serpent.

The two adversaries are the Gatekeepers,Asmodeus and Satan.

These are manifestations of the same being,One neck Two Heads.

Being filled with the spirit of the adversary i had spoke :

Ram Ham Satolas!I Invoke the adversary,I am the adversary,Asmodeus,Satan!

My hands have switched into a position,into a mudra,my left arm was on my right side,and my right arm was turning into my left side,my hands mimicated the two serpents.

As this was happening I begun resisting — Not the force within me nor the ritual but instead the very reality,the very eternality of creation and light,thus I was pulled into the realms of blackness into a space and dimension of outer darkness that the adversaries reside.

ASMODEUS.

With my eyes and power focused upon the gate of asmodeus,I could feel my eyes getting red,my three eyes,asmodeus rose within me,filling with lust of adversary.

For I am the lord of darkness.

The Adversary.

There I spoke the Mantra of the essence of the lord of lust and pain,The adversary asmodeus.

AMOH

With the spirit of the first adversary presented within my soul and being,for a lord of darkness is created by these gatekeepers and by the father father gatekeeper,satolas.

Ram Ham Satolas.

Each Child of darkness has that potential to become The lord of darkness,and I open my potential,This seed,this seed of darkness has the potential and the power of the nine combined with the lord of darkness can awaken you and remake you as a true living God,This is the black alchemy of the gatekeepers and of the lord of darkness,

The lord of darkness has Ten thousand names and faces,why don't you need these ten thousand other gatekeepers to come to you?

These nine gatekeepers,these first gatekeepers are the primordial ones,these are the so called “Deep ones” these nine are the Dark shining ones,they are shining because the pass from that one same gate from the primordial void,the primordial darkness into outer darkness,this is Called :

“The Gate Of Sah”

The other names of satolas are the dark void,these others are yes important but what we need to open and become in our evolution as children of darkness,as the seed of darkness is the nine gatekeepers,You become a new being after each gate,you get new abilities to become the lord of darkness,through Belial I became The wanderer of worlds,the wicked one,with no home as the concept of home does not exist to me,this is a principle of a true wanderer,No Home,No Land,forever wandering in the shores of outer darkness and realities.

Now with the lord of lust,I lust for ascend,with this black lust of the lord of darkness to ascend beyond all limits,is within me,I spoke :

Spirit of lust,Asmodeus,Lord of lust and pain
Come and fill me,with lust,Lord of darkness
Asmodeus,beyond god into primordial darkness i may reach!
Asmodeus,
Aesma bearer of the spear of wound,with bloody malice!

SATAN.

Now It is Satan the one that i need to turn my being around,Arousing myself with the energies,that are in fact the lamentations of the being of satan,see that your personal energy is the Emanation of you who are,When I turn my being into the face of other beings,like these gatekeepers i don't look to feel their energies,but what i want is best described as possession,to experience the being behind all these titles,"vibes" and energies.

Satan being not the red devil of christianity,my experience with this being was massive as he was the one that guided me through that,satan is not lucifer the emperor he called himself a king.

The word of the essence of Satan is :

SATAH

The Abyssal deep essence of the lord of the abyss rose and filled the realms within my place and beyond,With satan Grounded and with all the gatekeepers grounded i spoke to the final adversary :

Satan,Final Gatekeeper
Second face,Second Head of the Infernal Adversary,
Ram Ham Satolas,Ram Ham Satolas
Satan the Adversary.Satan Yam Nahar
The Old serpent,God of the seas
God of the abyss,Abyssal Lord Satan.

Becoming The supreme being.

Chapter Four.

OVER THE COURSE OF TIME these gatekeepers Taught me truly incredible things of what I can do,what I can be,what I am and what you can be too,Bael Teaches how to Build the supreme being and how to truly become one,the first ring of the gatekeepers the ignition circle is the hellmouth you fall in the hellmouth and you become a blank being,all of you is devoured your energy,mind,spirit and soul,Now that you are destroyed a new being a new soul can emerge from Nothingness.

On this chapter of this grimoire and essay to this great compendium i give the keys and knowledge to become the supreme being truly,*Truly* Embodying the supreme,High and eternal one,This is not only spiritual,this is also physical,mental and emotional This working and path will change you in all ways possible,this is only followed by the madman the one that is more than willing to lose everything and everyone if needed and if asked,Are you?What you would sacrifice if needed to become the greatest ever self?

This is path is indeed not for the weak people,for this path will become destructive to them if they failed,to fail themselves to fail their purpose and paths.

This path is for the chosen ones,those who are chosen to become the supreme beings,to become the vessels of Satolas,the mouthpieces and swords of satolas are you ready to sacrifice everything for that?would you lose if needed?

You are going to lose something of course,and you are going to be moved into a new life,if you are chosen to be,you are going to live a life of greatness and power but this is not easy and it's not going to be short,But it will be hard because it is and it's going to be a turmoil because it needs.

You are not born chosen for this.

You are making yourself chosen for this.

You don't simply just say it blankly or wishful that you are the chosen one without any real action towards the path,without any sacrifice or dedication to the path.

To be the chosen one is to sacrifice everything and everyone,the one that screams and will willingly suffer for his path.

The changes that will be made to be the supreme being are not simply spiritual or energetic but i have been told that this will change me dramatically,my existence will resetme and my spirituality forever changed.

This is a change in thoughts,on the mind,A change in the heart Emotion and Feelings,you will be changed completely.

The mind will be changed and Different,a new way of thinking will be placed upon you.

The key is constant repetition,The key is doing more than before,Hitting harder than before,to be greater than yesterday,Today and greater Tomorrow,this is not simple motivation,this is a wake up call,this is what you need to do. Use Enormous Amount of power and spiritual energy not just in rituals or meditations but in you and your whole life.You need to focus Greatly,

Greatly.

By the words “Great” and “Enormous” I mean them,Everyday you must die and be reborn anew,In this Chapter I will teach you How to Evolve your brain,thoughts,mind,Heart,Feelings, spirit and soul,Into The Supreme Being.

In thought & mind.

To become the supreme being the mind must be changed and different from the rest of the Herd,your mind,the mind of the supreme being incarnated will not be the same,it will no longer the the Primal Monkey mind that everybody has.

Everybody has the primal monkey mind if they have instincts they have it,if they have needs of love,Comfort, They have it.

If they have Thoughts that are "Mental" and verbal they have it.

I know this sounds truly insane,like these are the words of a madman,but in order to become the supreme being this what is needed you will no longer be a part of the herd in all ways,you are human god,the incarnation of the supreme being.

But in order to climb the ladder and to climb the mountain, you must do the steps,this actual hard work in your mind that you need to do,you can't truly transcend your mind if you don't work it.

To keep it simple, you must use an enormous amount of energy and focus into building actual helpful and powerful thinking patterns,this is not a simple positive thinking,this is stronger than that,more powerful than that,this is the matured Mind,the right thought.

The power of the Right thought.

This is the thought of a king and a ruler,the thinking of Baal.

This thinking process is different than thinking positive this maturity and thinking with true power,being confident in yourself as a master and a king you must throw your comforts on the trash can and on the aside and step in and take true control and power of the thing that you need to do this can be anything,from the smallest petty thing into the hardest most critical thing and phase in your life.

The Right thought is the matured mind.

The matured mind is a mind that dares to understand the non understandable things ,the mind that is of a king ,and takes control and true power over the things around it.

How to achieve the Right thought: You first have to throw in the trash can all positive things and all the negative things in the aside,these are powerless and just stimulate

your mind into comfort and belief,and belief is also a lie,belief that you can't do something is a lie,the belief that you can do something is also a powerless lie.

The truth is the gap in between these polarities of the mind,the dark void,the blackness is the truth,if you have belief and hope you are a slave to yourself.

As you place these bindings on yourself,negativity and positivity are equally meaningless,the true powerful maturity is the dark gap that knows these great lies and bindings,you could simply reject these bindings but you are still not over as you need to practice in real life circumstances to truly be the ruler with a mature mind,the king is the mature one,to become free and have the mind of freedom and maturity the key is to either reject or accept these lies,there you are truly free and pure to do whatever you wish you want to do.

The mind of the right thought,first has no self for the self is a lie because of the needs and its personal opinion through no ego you may see the truth this the key of apotheosis of the paths of light,to have no self to be ignited by the light of the gods,this path of darkness is different you want to have self to not be a slave,to indeed have a self and yet have the power of truth you must become the abomination this is corrupting the truth and power to become make a self out of it.

As in my day after my daily ritual I opened up a digital book about baal and that book was by Baal kadmon named “Baal: The Lord of the Heavens Calling Down the Great God of Canaan” my initial intention for reading that book and opening it up was about deepening my connection and connection of baal there he said within me “No Knowledge exist ,without you Already knowing it..”

By seeking,you down tolorate yourself of your abilities”

Therefore baal meants that for us to truly ascend we must first become something greater,baal show us how to be masters of life and existence,all things are created to serve you,all things are existent to serve you,if you are the master.

I am the master.

I realised in my toxicly conflicted family that they existed for me as a tool and their conflict as a weapon to become myself more than ever before,I walk by and enemies handle their weapons and swords for me and I leave without a trace ,but if it’s a fight for me,my empire and my existence then I pull out my weapon,that is the spear,a black spear of

primordial darkness and when I hold it I feel like I touch a giant cold metal wall by even touching the lower rod of the spiritual weapon and its mine yet I feel like an ant touching it.

Theres a reason behind everything,and all are born to serve you,this maybe food,happiness,love or even hate,conflict and pain but they exist for a reason to master and this reason for me is to rise above them,my chest holds a singular black gate and devours all and it crashes them.

In heart.

Bael communicated the next step into becoming the supreme being,in feelings and in heart,We First have to know what are our emotions in three main ways and perspectives,firstly Biological, In a biological way they help us *think* quickly,to *Understand* quickly our feelings make us act ,they help us survive in fact everything that we have a hardwired attachment in,like love,pain,fear, Sex etc,These are insticts for our subtle normal biological evolution that takes years upon years.

These gatekeepers speed up our evolution into a new level,into a new world

Into a new dimension,the infernal empire.

They call us to evolve,but change is painful and difficult very difficult,what you must do to ascend your animal mind,and your animal heart is suffering and deprivation of the senses,they way to ascend and transcend and become the supreme being is meditation and deprivation.

But what you must do to change your feelings forever?to not just be an immature human animal god but to be an evolved supreme being,an evolved being rising.

Here you must Sit alone in solitude,you can bring this solitude to yourself by cutting all ties with things or simply stopping the sense of achievement,joy,happiness,pain of your work,they are meaningless now in the abyss,as you fall.

Sit alone with yourself with no feelings at all if you can't do it that's fine but the key point here is to feel nothing yet something

This something is your heart your heart as it is hardwired in you

Not the colourful feelings and light that shines,your heart is your reactor your magnet and receiver of pleasures for you to survive and be a monkey seeking pleasure after pleasure.

See your heart ,your human animal heart.

See the pleasure not around it but within it feel the biomechanical ways that this is stimulated into you,why you need,Partying,Fun,Sex,Ancievnment,Love,plust etc

This for you to survive,this what your thousand old ancestors survived.

See within it Pain,fear,Powerlessness,weakness,see the things that passed through your ancestors and parents.see the instincts of yourself,to act like that to think like that.

Trace your instincts from the beginning of their existence,trace them by looking back,at the same time you see the causes and the need of those instincts,

Because of fear,The fear of death,to stop living,to break the circle of the journey of reproduction you have anxiety and fear itself,to protect you,to keep you living.

Because of reproduction you are lustful,you love romantically,and sometimes you are obsessed with sex ,you need to pass your genes.

Everything that is around you and feel is to make you survive and bind you sometimes

Low confidence makes you the term “Beta Male” ,beta not the alpha,the strong confident guy that gets all the women this is the survival of the fittest.

Not many know their primitive survival instincts,in mind humanity did not evolved so much so far,sure we achievement much in our timeline but we still did not evolved in the mind

This work will change you,in fact it will change everything about you,you will no longer be a primitive animal but a god and an evolved one,a truly evolved one,

The Supreme being.

I am the supreme being.

Know the game of society,Know your instincts,feelings fears.

So you can transcend them and be the supreme being

Now that you have seen them whole,seen your animal inside you whole now you can transcend it and become a god,to become the *Homo Deus*.

See that heart and leave the animal behind,so you can be a god.this is transcendence

In its highest

You are not born as an animal to be free,animals are slaves to their instincts,needs and breath ,to be a god is to allow these to serve you not to follow them and chase them.

Understand them.

Transcendence.

You understand them,now it's the time for you rise as a living *god*

Touch your heart with the hands of a god,maybe not in form but the void of a god transfigures and teaches the heart of an animal and absorbs it say these words in a voice of silence,speak yet let the void speak.

It is not I,It is not an animal will remain here,in this body
But a god
It is not I that will be bound by nature
I do not serve nature
But nature serves me
Let the food and water that I consume be the energy that will make a god live and stay in the face of earth, eternal

Feel the instictual animalistic sense of lust,love,sex,neediness of protection socialisation as concepts yet a hardwired prram for you to survive and live,trace it bakc into primordial nothingness,and abandon all of the insitcts.

Proclaim:

Alone in suffering for now,i will move in the primordial darkness without the instinct of being,of an animal creation of god and nature,For i will be the isolated dark god in darkness rising alone,Eternal

Feel the sensation of isolation,moving away from all survival needs,instincts and more,there you should the nothingness within,if you feel it yes you succeeded you are *not* over,if you go through the darkness and nothingness the one that is a being in the state of non being is indeed a god,a silent god,a transcended one.

Feel the nothingness within and a god emerges from it creating a new heart a new center of being ,mind and perception,you move in the darkness your body of nothing will be made,with the eye of the storm in the forehead and a new center of power in the chest,a heart of the transcended one. Now you must design it.

Do not bow to the laws.

"No nature Law can bind me,For I am the transcended one."

The sensation now is different,indeed strange and indescribable,it ascends beyond anything and everything you are not an animal anymore but a god,continue your journey.

Feel the fire and the being of your godhood rising within it remakes you as a transcended one,a god makes a god,and a god summons a god.feel power converging within and the powers goes in the form of waves,beyond energy and emotions,

Speak the words in the primordial tongue,the words in the primordial tongue of the supreme being.

"Tarbulla Rasa'mun mon Tang'Alu San"

Your heart emerges from the void:

Ram ham Satolas

say,as it is emerging.

The heart cannot be controlled for it controls creation as the blood that runs through it its omnipotence,speak again.

"Tarbulla Rasa'mun mon Tang'Alu San"

Say as the heart emerges from non creation:

The heart emerges from the void,the void heart emerges from darkness,the gatekeepers bless it as this is done The father of darkness blesses the heart of darkness,the heart of transcendence.

Ram Ham Satolas.

Tarbulla Rasa'mun mon Tang'Alu San

A heart of darkness rises from the void and becomes mine,Father from heaven i reject your creation and rules and laws of how the creation should be,I rise as god and i stand apart with my new heart of darkness,installed in the body of power and body of darkness,that will not react creation but i will create what i will,and what i desire as a living god of darkness.

Tarbulla Rasa'mun mon Tang'Alu San

Feel the heart installing in your body and claim as yours forever and ever,

Now Don't live normally,because you are not,what you need to do after this is to everyday transcend,to show up everyday and ascend higher than ever,like a god,you may sometimes feel that the animal within comes into you again but reject that and live like a god,with the power of consistency and discipline everyday,not many can do this,only the madmen can do,only the madmen can devour their own heart and recreate it.

If you feel like the animal heart comes back push it outside of you,

then trace into primordial nothingness and let it dissolve in darkness,then focus again on the heart of a god chanting the words of :

"*Tarbulla Rasa'mun mon Tang'Alu San*"

If you feel pulled into the old habits of the heart,pull yourself back,and awaken the heart of god,and chant within the words.

"*Tarbulla Rasa'mun mon Tang'Alu San*"

Unto being.

The being is the whole self,the being is the singularity of You :What you are,what you been,what you were,what you will be and what you can be,The Being of you consists of all spiritual selves and existence and nonexistence, this is also called the soul by other advanced practicing Adepts in Black Magick,

To Become the supreme being is to reject the soul and god,the one that creates the all,after evolving it and consistently making a path of anti-transmigration for the next path of this book,for every chapter is a path,in the chapter of *The Alchemy of the abomination* in which you will be open to become god beyond the soul,the soul is the being that all creation runs through it and god is the one that is the waterfall of creation running through the into the lake that is almost all planes except the formal or the source plane,

Even the soul of light is a lie,Atman is a lie and the truth is Sat'Nam limitless,god as a singularity.

To understand this is difficult without falling into this bottomless pit and I dive and fall like a rock in a dugwell once more.

Becoming the supreme being in being is transcending creator,existence,the soul and energy,for the supreme being.the eternal one is higher than any of those things,he is the void and i am the void,and if you dive head first ready to sacrifice everything and everyone and even devour your existence and soul,

I know I am.

because I do.

You are self created,In this gatekeeper path working you created yourself.as you pass through the gates you enter a new universe,this is not the source and its dimensions and

rounds,this is blackness,this is outer darkness this is the infernal empire,and you are god here,I am god here,I am god there.

Now the being,what you are is the ocean,this is the void and you are only a fish into this ocean,and you are only a soul in nothingness,this ocean and void is the void of your being,this full of possibilities,you could become more charismatic,happy and whatever but becoming small stuff in your very inner rounds of possibility is failure,failure in yourself if you want to become a living god you must personify that void,to be a living god you must understand nothing.

Bael gives me a meditation,this meditation is to become limitless,you will no longer be a fish in your sea but you will embody it,thus you become the leviathan,and you will be the god in your emptiness.

MEDITATION OF BLANKNESS.

This meditation is for the one that truly has what it takes to become limitless and a living god,with the gnosis above you can operate and start to live without limits,Now your life is an outside emanation of your energy,and this changes everything but with the example above of "You can become more charismatic…"

To be a living god is to become the storm,you become everything.

Stand and feel your being,radiating inside of you

Do not feel it whole,i mean feel what it is but that's not the whole

Feel and see all that blackness,nothingness and emptiness all around you

Feel how small you are in this ocean of nothingness,you are a fish in the ocean swimming on its own nothingness.

This is your nature in nothing,you can be small beings there,but only a living god will be it,You are a living god.

Breath in these forces of nothingness and just feel yourself dying out,like you are only a singular light in this blankness and you go out

You are nothing,you are dead here.

There in silence and blackness,say your name,not your baptised name but your god name,there in the void I call myself,and i evoke my void,

Takkalos.

With the knowledge of god that you are and could become a deep breath and embody this black void.

You may feel that you yet come into being,you are formless now.

Call yourself by your god name again,or feel the omnipotence of this darkness.

Breath and bring the nothingness within,lose everything,your sacred things are no longer here,your past self is no longer here,your mind is no longer here,fall into this bottomless pit.

You are nothing.

Be your being,be the silent god in the place of non being,this will not feel like anything other before as you will feel completely like an outsider to all of existence,you will feel like two eyes glowing red in the shadows,through that I become the lord of darkness in flesh,And you can be too.

BECOMING THE SUPREME THINKER.

In this meditation you will taught how you can become the supreme thinker,This is a state of being it is truly the highest state of being that I ever came across in my path,the state is beyond the supreme silent observer the thinker thinks existence and non existence itself.

On this State is the transcendence of observations ,to become so supreme that observing reality is your thinking thus embodying deeper and more profoundly the “change your world with your thoughts”

but this is so much higher and more potent,the observer sees and watches while he is transcended of the self and becomes a god,becomes shiva embodied with his changed view and alterations of his own psyche and influential energy that causes changes in the world around him and into everyone's world,The supreme thinker,the supreme being only

thinks with his otherworldly beyond omnipotent thought and gives life into the path of everybody and on his own.

As Iwas walking on the path to become one i came into the knowing that all existence and all of the universe is a singularity.

In this singularity i realised that everything and everyone is one,all powers are the same and all Knowledge is one,this was an apotheotic experience for me,With this knowledge i tapped into deeper states of being,into the supreme thinker

The thinker of realities doesn't focus his omniscience and beyond into a one or another but he focus his Godly mind.

To enter this state you must know how to enter and how to be the supreme silent observer.

Enter a meditative trance state of being ,breathe in and breathe out each time feeling yourself falling deeper into yourself .

Gazing from the abyssal depths of yourself you must see yourself breathing,this will feel like very much deja vu or an out of body experience,this is detachment from the self that you thought you were,going deeper and higher states of being.

The Only thing that you need to do now is going higher,Eternally higher,Eternal Descending,Eternally ascending.

Center your vision Into the black blank Nothingness Behind Everything,Don't Give Attention to nothing,Give Attention To nothing While Knowing Your Attention is Nothing.

As you see Nothing,When you see nothing.

It is the moment that you have opened the eye of the storm,the void’s eye,this is the sight of the immortal and eternal ones,the sight of the gods that are omniscient,omnipotent,and omnipresent across all cosmos,this is the supreme observer,you are the supreme silent observer.

There's a hidden level beyond that,this is the supreme thinker the supreme thinker of realities.

Now realise that everything is a singularity,Darkness,Light,the celestial heavens and the infernal hells,the Existence and nonexistence are one,and the center of that is you.

On a circle,a sphere that consists of all and nothing,the sphere that has inside it the cosmos,the universe but also the dark abyssal nothingness as one,a singularity.

I received a vision on my first few days when becoming the supreme thinker,all of which were on a sphere but i was a point,the point was the densest.

The mind must go beyond thought and energy and it must go in thinking nothing,not being silent but its thoughts are nothingness,this is the gold of the work to become the supreme thinker,to become the supreme thinker and to exercise this is to think nothingness,You do not think something but you think silence.

Thus you have achieved the state of the supreme thinker,the mind of the void,the thinker of realities.

The Path Of The Black Crown Of Hell.

Chapter Five.

THE TERM DEEP ONES was used by bael in my workings and many interactions with him.similarly as i researched about that term it was also used to describe an intelligent ocean Dwelling species in the Literature of HP. Lovecraft.

Having no knowledge or awareness of Hp. Lovecraft's Information about these "Deep ones" I have dived into what bael Was teaching about.Bael Is a deep one himself In the demonic knowledge of bael the deep ones are the beings,the demon king's that are deep in the abyss,this is nowhere near the Lovecraft's interetemptions about the deep ones,I am more than confident that we aren't even talking about the same beings.

The Deep ones is a title for the gatekeepers,about these gatekeepers,i know that they have many titles like "The Dark Shining Ones" "The Dark Ones" and many other titles too.These Deep ones are in the bottom of the abyss,deep in the Dark void,Into a void with no above nor below but they are eternally deep there,Looking with my serpent's sight upon them i saw them as Dark orbs and sometimes beings that look like huge Knights and kings.

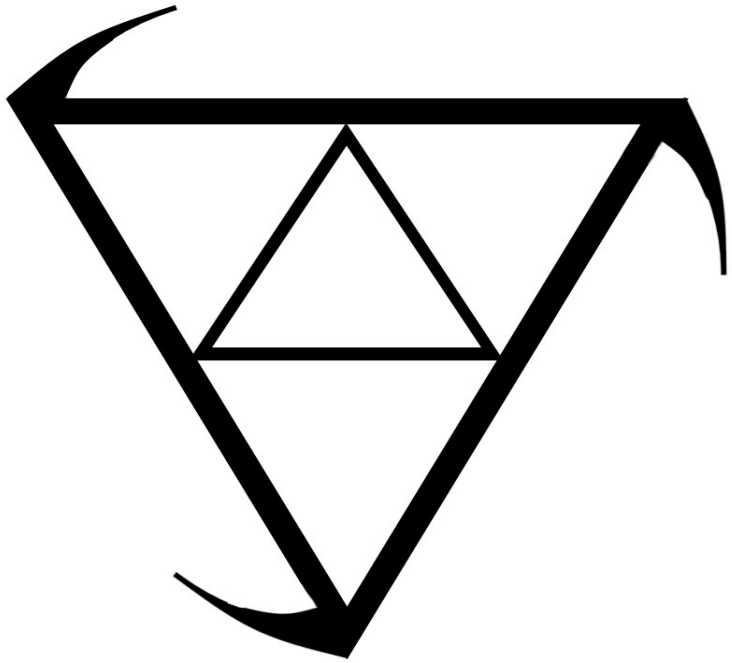
THE GATE OF TRINITY

It Was a time that I could not sleep,that I simply could not sleep or find motivation to do the stuff I wanted,despite that i could still kill my day,but the feeling was undeniable.

After countless days of trying and trying and failure after failure to put myself to sleep using techniques and methods I simply could not.

I got up and looked at the Idol of Baal,And the idol took many shapes as the spirit of baal was there in its housing the idol broke through realities.

The idol was shining and emenation black light Darker than the darkness and blackness of my room.



There Baal showed me the Gate of trinity,The gate of trinity was floating inches above the idol of the lord of lords.bael spoke of this gate.

This is the Gate of Trinity,This is the Gate of the abyss,the gate of Hellfire,To become the supreme being.

There i knew that hell must be invoked,This is the hell that i must go through,and it is there where I dive.

There's a broken child within me,this is christopher the one that was abused,this is my abused self,broken, miserable,weak and powerless,christopher says : “I cant,I am Weak,I cannot do this,I cannot become,I am Stuck,I am not worthy,I cannot Live,IWant to die,I want to escape,I cant,i cant,i cant….”

I stand as a supreme being and an Emperor,I look down and see christopher and i say: Thank you christopher for being the gateway of who I became,thank you for staying in life,Sort of,but I am thankful.

But I say enough,I say enough and choose power now.

I Choose power now.

Standing in darkness,I Declared to open the gates of hell

I open the gates of Hellfire,I open the gates of Hell.

A point started appearing on the darkness around me and the hellfire could be seen,hot,hellish and reddish

I cast myself there,I cast who i was there.

To become the supreme being.

The Alchemy Of The abomination.

Chapter Six.

THIS ALCHEMY that we are about to participate is wicked one,Yet this Transfiguration and alchemy is powerful,*Powerful,* In this working we will work under the guidance of baal himself to become the true adversity and which after this gate,after baal,asmodeus will evolve it and guide me or you further than Baal,in this path and chapter we will be working with another face of hell of satolas.

Ram Ham Satolas.

And this mask,this face of satolas The emperor,is *Sakre'Varvar.*

Sakre'varvar is the abomination,in fact he is the abomination of creation,eternality,godliness,of gods and the abomination of everyone,everything and anything.

Baal has a mouth of darkness and he speaks in silence around me and within me. He speaks

"Become The Abomination of Gods And of God,Make this Sacred To You
You My child,
You discipline will be destinanted into the damnation of all power,
For you are the abomination,
for you are the antichrist Takkalos,
Sleep in dead silence and Wake up into cold silence,
then be master,
What you need to do?What your soul calls,
Be silence and no one,travel through the seas of the eternal,
into its heart,
wield it and make it yours,for the antichrist is the only one that is worthy of worship,
the child of darkness that becomes the seed of the eternal then it consumes it all,As
you travel in these depths of light,
you must know what is waiting for you,
Damnation,
into the infernal empire,
but only a lord of darkness will arise,

Takkalos,
You,Lord of darkness."

In the light of morning I woke up,and started doing my daily ritual,with some slight additions into that,the additions are from the current path workings,This had relation with the gate of trinity shared before by baal.

In the gaze of the gate of trinity i spoke :

I Claim My Body as mine
I claim my heart as mine
I claim my mouth as mine
I claim my words as mine
I claim my thoughts and feelings as mine
I claim my soul as mine
To do as i will
I evoke the face of hell,Sakre'Varvar
,the abomination of god,gods and of the divine
That has more power than needed
So i may have all power
To do as i will
I self create myself as a god and a devil
A self made evil,the self made devil and evil.

DECIPHERING THE GODS

One of the things that is needed for this working is to literally become the divine forces,to become shiva,to become satnam,brahman,krishna and other forces,it is not needed to evoke this forces but what you need to do is to become them,This forces of

existence are split up from the source to preserve it,Shiva is the destroyer and creator,he destroyed to recreate the universe,Brahma is the god of the soul in hinduism it is described that the soul,Atman is a drop in the ocean that is brahman.

This work is performed by the principles of becoming these forces of existence.

Brahman is the first one that is deciphered,the supreme yet mysterious god and force,Brahman is creator and enjoyer of all creation,this means that all creation is overlooked by him,brahman being a transcending mysterious force means that he is anywhere,The principle of becoming Brahman that I had found in my ritual in the morning that I became the abomination of brahman is the realisation that brahman resides within objects,i followed this breadcrumb,looking at the endless creation in front me,yet slowing moving away from it,in fact I am separated from it.

I was connecting with the objects in my room and temple,with the essence of brahman within me,it felt like I was the glue that connects things into all things,This is Brahman!

Brahman is the preserver,Brahman grounds all things,he grounds the power,time energy,intention and existence as a singularity made out of this things make existence,exist.

The Realms of existence are the following:

- Realm of Flesh and substance
- The Astral Realm
- The Casual Realm
- The Mental Realm
- The Abyss
- And the Formal Plane,The Source Creation.

It all starts there,in the source,which manifests as an ocean of pure power,energy.

And ends here,This realm is the ascended realm,this realm is the result of all these creations.All pure creation-Force flows from the formal plane,into the hidden pathways of the abyss,into the mental realm,in the mental realm all things gain the knowledge of what they are,this is the purpose

Then it flows into the realm of memory,this is the causal realm,all things gain memory of that they are and do,this is also where karma is made,this when the bad thoughts

of a bad act ementes through your being and ementaes into all existence the belief that you deserve bad is resided in the causal realm and flows into the mental and feeds it,and you become,all things react to your being and force,thus a vicious circle is created.

Continuing the explanation of the flow of the cosmos..

The Energy and power of creation then flows into the astral realm that it creates the sub layers of all existence,thus giving roots to the physical realm.

The physical realm it is the place that all gods want to manifest,yet you are here,not knowing that you are a god,this is the result of all creation and power that flows through the realms.

ABOMINATION OF GOD

To become Brahman,you must gaze upon an object and you must feel it whole,feel that is just a drop in the ocean and you must feel it for you too,Be dropped there and dissolve yourself there,yet stand apart from it,have the seed of your want to become,and what you are.

As an adversary i dissolve myself in the seas of power and creation,Yet I am something in it,I am the darkness that pollutes the ocean of light,when I entered brahman His ocean had bottom,and this bottom was my seed.

Now with me in it i rise again as brahman and yet takkalos,I spoke my sacred hymn of myself in the tongue of the supreme being,this was to take the power of the force of brahman and put them into myself,yet the lord of darkness corrected me :

“This is not about Becoming a god,as you already are,but this is to give yourself the existence of a god,Become A god unto Yourself.”

The Gates of baal are eternally open and the lord of darkness has risen in me,I am the lord of darkness and I rise as the emperor of my empire

The Infernal Empire rises!
